

REPUBLIC OF SOUTH AFRICA

Small Harbours – Plenary Feedback

Unlocking the economic potential of South Africa's Oceans

15 October 2015

KEY FEEDBACK – Small Harbours

1) Broader stakeholder engagement including:

- SMMEs
- Fishing communities
- All three spheres of government
- B-BBEE

KEY FEEDBACK – Small Harbours (continued)

**2) Promote stakeholders' participation
with
clear and transparent
processes and plans**

KEY FEEDBACK – Small Harbours (continued)

3) Clear opportunity for harbours to unlock social & economic potential

- **Regional priorities**
- **Existing versus new harbours**
- **Linkages with other economic and social development initiatives important to achieve full benefit**

KEY FEEDBACK – Small Harbours (Continued)

4) Governance important:

- Structures
- Transparency
- Bottom up interest

KEY FEEDBACK – Small Harbours (Continued)

5) Consider maintenance / development and operations

- Multiple role-players
- User committees
- Management structures
- Constitutional / mandate issues to be clarified

KEY FEEDBACK – Small Harbours (Continued)

6) Must spend available budgets on priority harbours

- Identify funded priorities
- Launch detailed planning and implementation
- In consultation with users and affected parties

Thank You
